

This is where you can find the Outreach Team this month...

September 2017

The mission of the Ventura County DCSS Outreach Program is to take a proactive approach by staying current and competitive in our constantly evolving child support program.

By utilizing our creativity, resourcefulness, and new methods of communication we can more effectively reach our internal and external customers and promote more awareness of our department's mission.

Achieving these goals will ensure exceptional customer service while continuing to promote the best interests of the children and families we serve.
