

All-Electric 2020 Chevrolet Bolt – Central Motor Pool – 200+ Mile Range

## Frequently Asked Questions

**Question:** Is it necessary to plug the Bolt in every time I return the vehicle to the Government Center?

**Answer:** Yes. This will make sure the Bolt is fully charged for the next customer.

**Question:** Are there penalties for not plugging in a Bolt after returning the car?

**Answer:** Yes. \$50.00 will be charged to your department.

**Question:** Are the Bolts for long distance travel or only within the County travel?

**Answer:** The all-electric Chevrolet Bolts have a range of 200+ miles on a **full charge**.

**Question:** Where do I find assistance for accidents, flat tires or mechanical issues?

**Answer:** Call 805-672-2060.

**Question:** Can I drive in the carpool lane on the freeway without a passenger?

**Answer:** No. The vehicle does not have the Clean Air decal and you will be fined.

**Question:** What if there are no plug in ports available when I return the Chevy Bolt to the Central Motor Pool?

**Answer:** Call the GSA Motor Pool Number 805-654-3707.
