COVID-19 Informational

Currently, our County parks remain open, and we are following practices that allow you to enjoy your experience:

1. We ask anyone with a fever, cough and/or shortness of breath to delay their visit until they feel better. This is always a good practice.

2. Please join us in observing safe social spacing, leaving at least 6 feet between you and other people.

3. We will also be foregoing handshakes and limiting the ways we might come in physical contact with one another, until another visit.

4. We ask that you interact with our Ranger’s from the passenger side of their trucks.

5. Our restrooms are cleaned daily and high touch areas of park facilities are also being sanitized.

Of course, you can still make or cancel reservations online at https://www.venturaparks.org or call us at 1-805-654-3951 to reserve a campsite, a facility, change your reservation or ask a question. Our staff are dedicated and resilient, so our parks continue to serve guests according to our mission.

Thank you
