

Our essential care center is open for business!

We're here to serve this community

To serve those on the front lines of the COVID-19 crisis, we have worked closely with our own medical advisor and local authorities to reopen our learning center. Our first responsibility is keeping you and your family safe, and we've introduced new safety measures to make sure we can continue to do so in these challenging times, including:

- Checking everyone's temperature at the door
- Staggered drop-off and pick-up times
- Health and safety training for our teachers and staff
- Temporary suspension of our family dining program

Are you an essential worker who needs care for your children? We're here to support you while you work hard to see us all through this crisis.
