Help shape the future of Ventura County's Supervisorial Districts

Every ten years, U.S. Census data is used to redraw Ventura County Board of Supervisor district boundaries. This ensures the districts are balanced for changes in population. The Board of Supervisors wants to hear from you on how these boundaries should be drawn. Complete this form to tell the Commission about your **community of interest** – keeping communities of interest together is a high-ranking criteria in the redistricting process.

What is a Community of Interest?

A Community of Interest is a group of people in the same geographically definable area who share common social and economic interests. Some examples of Communities of Interest are:

- Senior citizens
- LGBTQIA+ communities
- College students living near campus
- People who live downtown or in a neighborhood
- Dog park community
- Residents who share a common language
- People that use the same transportation systems

What criteria will help the Board of Supervisors understand the importance of your community in the redistricting process?

When documenting your community it is important to address the following questions to assist the Board of Supervisors in the redistricting process:

1. Does your community have a shared culture, characteristics, or bond?
2. Is your community geographic in nature? Is your community able to be mapped? Is there density within your community?
3. Describe your community's relationship with the County and how it is affected by policy decisions made by the Board of Supervisors.

The public can submit any testimony, but it is important to remember that your input can be best used if it addresses all three of these questions.
