

Restricted Materials Alternatives Worksheet

Title 3 of the California Code of Regulations (3CCR), section 6426 requires a permit applicant (grower) and their pest control adviser to consider feasible alternatives to the use of restricted materials before applying for a restricted material permit with the county agricultural commissioner (CAC). This section provides:

6426 (a) *Each licensed agricultural pest control adviser and grower, when determining if and when to use a pesticide that requires a permit, shall consider, and if feasible, adopt any reasonable, effective and practical mitigation measure or use any feasible alternative which would substantially lessen any significant adverse impact on the environment.*
